

SURGERY IN THE 3RD MILLENNIUM: THE FUTURE IS FEMALE

Two days of laparoscopic, robotic
and endourological live surgeries.

Chairman
FRANCO GABOARDI

MILAN
San Raffaele Turro Hospital
April 12th & 13th 2018

Surgery in the 3rd millennium

The future of surgery in the next few years will surely be female for several reasons.

Women have passed medicine tests with high percentages for years and nowadays enroll always more to urological specialties.

Women have increased in numbers among urological departments in hospitals, universities and urological associations and will probably be on equal terms with men in the next few years. Unfortunately, up to now, with very limited exceptions, women never had the space they deserve for their capabilities, care and abilities. I have invited several female surgeons to this event (live surgeries will be performed by women only), and I hope this meeting will help to acknowledge their surgical abilities.

This congress clears up the fact that women are not completely allowed to some kind of surgery and urology. The Program of the Meeting will include Live laparoscopic, robotic and endourological surgeries performed exclusively by women.

I am sure that since today's surgery means taking care and being passionate, you do not need physical strength but accuracy and skills. Precision wins on speed and women naturally do have these qualities.

Our department trains mini invasive laparoscopic and robotic surgeons and has excellent female surgeons who already prove themselves nationally and internationally. Italian and foreign female surgeons will perform together and the event is open to all who want to improve their techniques or enhance their abilities on urological surgery.

We look forward to meeting you all in Milan.

Franco Gaboardi

Surgery in the 3rd millennium: the future is female
Milan, San Raffaele Turro Hospital, April 12th & 13th 2018

Sveva Avveduto

Institute for Research on Population and Social Policies of the Italian National Research Council, Rome Italy

Thursday, April 12th 2018

- 8.30 ● **Introduction** | Franco Gaboardi
- 8.45 ● **Antibiotic prophylaxis in urologic surgery for new bacterial resistances** | Stefania Ferretti
- 9.00 ● **The role of medical therapy in patients with LUTS secondary to BPH** | Stefania Ranzoni
- 9.15 ● **Live Surgery**
Moderators: Karen Fransis - Stefania Ferretti
- **Robotic Assisted Radical Prostatectomy (RALP)**
Silvia Secco
- **Partial Nephrectomy** | Maria Jose' Ribal Caparros
- 12.15 ● **Welcome to Participants**
Gilda Gastaldi | President GSD Foundation
Elena Angela Maria Bottinelli | AD Gruppo San Donato
- 12.30 ● **Medical therapy for erectile dysfunction**
Antonella Centemero
- 12.45 ● **Video cronic pelvic pain in female: Istanbul technique**
Tibet Erdogan
- 13.00 ● **Lunch**
- 14.00 ● **Pride and Prejudice: women in medicine and science**
Sveva Avveduto
- 14.20 ● **Live Surgery**
Moderators: Tiziana Gemma Gerace – Stefania Ranzoni
- **ProAct Implant** | Loredana Ai Ling Romanò
- **Percutaneous Nephrolithotomy (PNL)** | Piera Bellinzoni
- 16.00 ● **Survey on Women in Urology in Italy. Where we are**
Donata Villari
- 16.10 ● **Quality of life in patients after radical cystectomy**
Gaia Polloni
- 16.20 ● **3D Laparoscopy: advantages and disadvantages**
Virginia Varca
- 16.30 ● **Functional Urology, an opportunity or a damn?**
Maria Teresa Filocamo
- 16.40 ● **Frozen section value of margins in radical prostatectomy specimens** | Roberta Lucianò

Friday, April 13th 2018

- 8.30 ● **Report on Live Surgery of April 12th** | Franco Gaboardi
- 9.00 ● **When not to do surgery: expanding active surveillance for low-risk prostate cancer** | Stacy Loeb
- 9.30 ● **Live Surgery**
Moderators: Maria Jose' Ribal Caparros – Donata Villari
- **Radical Robot Assisted Prostatectomy with “retzius sparing technique”** | Karen Fransis
- **Laparoscopic Radical Prostatectomy** | Virginia Varca
- 12.30 ● **Devices for Incontinence Treatment after Radical Prostatectomy** | Loredana Ai Ling Romanò
- 12.45 ● **Partial Nephrectomy assisted by 3D laparoscopy**
Maria Jose' Ribal Caparros
- 13.00 ● **Lunch**
- 14.00 ● **Live Surgery**
Moderators: Piera Bellinzoni – Tiziana Gemma Gerace
- **Robotic Colposacropexy** | Elisabetta Costantini
- **Retrograde Intra Renal Surgery (RIRS)** | Silvia Proietti
- 16.00 ● **Devices for Incontinence and Prolapse Treatment in Women** | Elisabetta Costantini
- 16.15 ● **RIRS: when, how, and what with** | Silvia Proietti
- 16.30 ● **Up to date on Percutaneous Access: small , medium, large, extralarge** | Piera Bellinzoni
- 17.00 ● **Closing Remarks**
- **Test ECM (for Italian delegates only)**

General information

Congress Venue

Palazzina A, third floor,
San Raffaele Turro Hospital
Via Stamira D'Ancona, 20 - 20127 Milan
